The expenditure on account of the Canadian Pacific Railway has, heretofore, been included under the heading of Public Works. As the Government has now no claim on the railway the account should be transferred and shown under another heading. I would suggest that this should be done during the present financial year.

The subsidies paid to railways amounted to \$1,248,215.93, made up as follows :—

Albert Southern Railway Co.....	\$ 18,960 00
Atlantic and North-western Railway Co.....	186,600 00

	\$1,248,215 93

The receipts from Dominion Lands amounted during the year to \$322,796.38. The amount invested for Sinking Funds was \$2,027,860.79, and the total amount held on 30th June last for Sinking Fund purposes was \$28,583,475.29. The debt redeemed, including temporary loans but exclusive of Savings Bank withdrawals, amounted to \$9,837,579.69.

On the 30th June last the total amount at the credit of the depositors in the Savings Banks was \$39,529,547.63, an increase of \$129,521.47, as compared with the balance held at the end of the previous year. The interest allowed to depositors for the year amounted to \$1,320,580, and if this amount is deducted from the balance at the credit of the depositors it will be found that the excess of withdrawals of cash over cash deposits was \$1,191,058.53, as against \$3,960,964.14, in 1890-91.

To meet the withdrawals from the Savings Banks, and to cover the redemption of debt noted above, a new 3 per cent loan for £2,250,000 was floated in England. The minimum price was fixed at 91, and tenders were received for £6,950,000; the rate realized was about £92 0s. 10½d, as shown by the table of accepted tenders annexed.

The Dominion notes in circulation increased \$1,106,381.43, and at the close of the year amounted to \$17,282,698.66, which had increased on the 30th November to

\$18,045,577.16. Owing to this rapid increase in the circulation an Order in Council has been passed, under the power granted by the Currency Act, to issue notes up to the limit \$20,000,000 authorized by the Act. It will be a question for the Government to decide whether or not this limit should be raised.

The net debt of the Dominion at the close of the fiscal year was \$241,131,434.44, an increase of \$3,322,403.93 over 1890-91, accounted for thus:—

Expenditure on Public Works (capital).....	\$ 224,389 64
do Railways and Canals (capital).....	1,854,575 03
do Dominion Lands do	86,735 33
do Railway subsidies	1,248,215 93
Charges of management on Loans.....	1,122,541 52
Cancellation of North Shore Railway bonds	970,000 00
Consolidated Fund transfers.....	1,027 91
	<hr/>
	\$5,507,485 36
Less—Sinking Fund Investments	\$2,027,860 79
Surplus	155,977 42
Refunds over expenditure on account of the North-west Rebellion	1,243 22
	<hr/>
	2,185,081 43
	<hr/>
	<u>\$3,322,403 93</u>

The rate of interest paid on the gross debt averaged for the year \$3.30 per cent, against \$3.35 for the previous year. The net rate of interest paid on the debt was \$2.93 per cent, the same as last year.

During the year silver and copper coinage to the amount of \$410,000 was procured for the Dominion through the office of the High Commissioner for Canada, and a quantity of uncurrent copper coin which had accumulated in the vaults of the department was sent to the mint and recoined, making a further issue of \$4,525.37. The profit on these transactions amounted to \$132,517.08.

It is a matter of gratification to be able to report that steps have been taken to appoint arbitrators to settle the outstanding accounts between the Dominion and the Provinces of Ontario and Quebec, that Hon. Mr. Justice Burbidge has been appointed for the Dominion, and that Mr. Chancellor Boyd and Mr. Justice Casault have been appointed arbitrators for Ontario and Quebec respectively. I trust that by the close of the present fiscal year a settlement shall have been arrived at.

The cost of the management of the department during the year was as follows:—

Minister's salary	\$ 7,000 00
Salaries of staff	48,482 52
Expenditure through charges of management.....	4,693 50
Contingencies	7,404 70
	<hr/>
	\$67,580 72

which, compared with the expenditure of 1890-91, \$71,071.65, shows a decrease of \$3,490.93. It may also be noted that the expenditure on the staff of the Department has steadily decreased from \$56,034.09 in 1883-84 to the amount above named, \$48,482.52.

All the work of the department is well up, and I have again to place on record my appreciation of the prompt and willing help I have received from the members of the staff, which, owing to my absence in England and subsequent illness during the year, has been all the more acceptable.

I have the honour to be, sir,

Your obedient servant,

J. M. COURTNEY,
Deputy Minister of Finance.
